

PUZZLE FUN

DOPEY DINOSAURS

If you can help this Cetiosaurus find its way through the **JUNGLE MAZE** to the swamp you will save him from the ferocious **SPINOSAURUS** who wants him for his dinner.

EVEN MORE DOPEY DINOSAURS!

Many dinosaurs were very large, but their brains were VERY SMALL!

These dinosaurs seem to have got muddled up. They can't work out which top goes with which bottom.

Can you help these dopey dinosaurs put themselves back together?

Cetiosaurus 'Whale Lizard'

You say it: *Seh-tee-oh-SAW-russ.*

It was a: Sauropod.

It lived: 160 million years ago.

Its size was: 15 metres long – as long as 5 cars in a row.
